

Driving Directions to Holy Comforter during Beulah Road construction

Beulah Road will be one way southbound from Sideling Court to Maple Avenue starting at the end of April 2007. The work is estimated to last 12 months. During this time the church will only be accessible from the north and you will only be able to turn left on Beulah when leaving.

From the South

Alternate 1:

From the intersection of Maple Avenue and Glyndon Street, go north on Glyndon .7 of a mile passing through three stop signs. Turn right on John Marshall Drive and go 2 blocks to the stop sign at McKinley Street. Turn left on McKinley and follow it until it ends at Talisman Drive. Turn right on Talisman and follow it to the stop sign at Beulah Road. Turn right on Beulah and go .2 of a mile to the church on the left.

Alternate 2:

From the intersection of Maple Avenue and East Street, go north on East Street .4 of a mile to the second stop sign. Turn right on Creek Crossing and go .6 of a mile until it ends at Old Courthouse Road. Turn left on Old Courthouse and go .9 of a mile to the four way stop where it intersects with Trap and Beulah Road. Turn left on Beulah and go 1.2 miles to the church on the left.

To return to the North

For those exiting the church who want to go back to the north:

Turn left out of the church driveway onto Beulah and make an immediate right on McArthur Avenue. This intersection is just opposite Rodman House but the sign is hidden. Go one block and turn right on McKinley Street. Follow McKinley until it ends at Talisman Drive. Turn right on Talisman and follow it to the stop sign at Beulah Road. Turn left on Beulah to continue north.
